

I am writing to strongly protest Sinclair Broadcasting's decision to require their stations to air an anti-Kerry documentary days before the election. I am asking the FCC to stop Sinclair from doing this. It is a blatant misuse of the public air waves and is clearly against both the spirit and the letter of the law. It is a threat to democracy and will lead to rule of corporations rather than our populace.

Media ownership rules need to be seriously strengthened. The current license renewal process is too weak to be meaningful. The FCC needs to do its job and protect the American people against the misuse of the air waves shown by Sinclair.

Thank you.
